Improvement of wasteland

30. SHRI SURESH PACHOURI-. WiH the PRIME MTNISTER b_e pleased to-state:

(a) whether it is a tact that most of the Iand in our country is under-utilised, unirrigated and low yielding:

(b> whether it is also a fact that neatly 80 million hectares of degraded land has already been classified as wasteland, unfit for any cultivation; and

(c) if so. what are the reasons therefor and what action Government propose to take to improve the situation?

THE MINISTER OF STATE IN THF MINISTRY OF ENVIRONMENT AND FORESTS (SHRI Z. R. ANSARI): (a) Yes, Sir.

<b) There is no comprehensive and repeat .survey in tbe country a_s a whole to provide precise estimate of wastelands According to information given in the various reports including that of National Commission o« Agriculture, an overall estimate is that an area of about 175 million hectares in the country is affected by the problem of soil erosion and land degradation.

(c) Land degradation occurs due to variety of causes like deforestation, unscientific management of land and water resources, poor drainage, unplanned load building, seepage from large canal projects causing water logging ond salinity, a very low level of stall feeding leading to overgrazing and consequent degradation of land.

The Government of India hav\; set up a Nation *M* Board to briu in the country under productive use through a massive programme of tree plantation. A copy of the Action Plan drawn by the National Wasteland, Deveolpment Board Ls placed on the table of the House. *{Sec below)* Besides, there are schemes under the supervision of Ministry of Agriculture and Rural Development for saving land resources from degradation.

ACTION PLAN

The Action Plan drawn up by the National Wastelands Development Board and accepted by the StatejUT Governments for implementation has the following key elements: —

1. *Identification of Wastelands:*

Each State|U.T. Government has been requested to identify- wastelands in their territory whether they be i-n forest area, revenue|common lands or degraded farm lands.

2. *People .i Involvement:*

This will be ensured by the following measures:—

Ca) *Decentralised Nurseries*-. People's nurseries *i.e.* kisans, schools, women, youth groups, voluntary agencies, etc., will be motivated to meet the increased demand of seedlings.

(b) *Farm Forestry*-. Farmers will be motivated to take up tree farming on their marginal lands and planting on their filed 'bunds. A rational policy in regard to distribution of seedlings should be evolvde.
